Learn to Live, Live to Learn

Term 2 Week 10, 2017
www.ulladulla-p.schools.nsw.edu.au

Dear Parents, Carers and Students,

As we approach the end of this term we meet the half way point in our learning. There has been so many wonderful efforts and achievements produced by our students inside and outside of the classroom. We look forward to seeing many more achievements for the remainder of the year. We thank our amazing teachers for the dedication they show each day to delivering a curriculum full of opportunities for our children to flourish. We wish all of our school community a safe and enjoyable break. Please remember that all students are to return to school for the resumption of Term 3 on Tuesday 18th of July.

Reports

This week sees the half yearly reports being sent home. The reports provide an indication of student effort, progress and achievement. We are required to follow the A-E reporting procedures provided by the Department of Education. In this reporting system it is important to know what each grade means and knowing that if a child receives a 'C' they are meeting grade expected outcomes at that point in time. Upon receiving the reports it is recommended that you sit down with your child and identify the strengths and areas of improvement that are evident – we know that research suggests parental interest and involvement can impact student attitude and achievement. It is also important to remember that each child is different, meaning that progress occurs at different rates and at different times – not all students will receive 'A', 'B' or 'C' for that matter but all students are capable of progress and effort. The progress and effort of each child should be praised and recognised.

NAIDOC Week

This week our school celebrates NAIDOC Week as our students participate in various activities to engage in Aboriginal culture. Our school will host a special whole school NAIDOC Week Assembly in the school hall this Friday 30th June. All members of our local community are welcome to

attend. As I walk around the school it is encouraging to see students participating in games, art and immersing themselves in local languages. The Ulladulla community has unique and rich cultural roots that are ever present in our school. We are thankful for the continued support we receive from outside agencies and local identities to support the acquisition of local knowledge and understanding being passed onto to our children.

Talent Expo

Last Thursday saw the culmination and presentation of our extraordinary Talent Expo. This was the first Ulladulla PS Talent Expo that I have ever attended and it won't be the last. The children at this school were amazing as they wowed the audience with their array of performances. The energy and atmosphere of the night was heart-warming and embracing. The community certainly supported our students with standing room only towards the back of the hall and even outside it. I was amazed at the level of professionalism of the student acts, the enormous encouragement showed and the dedication of students in displaying their skills. The night was a truly amazing experience to be a part of and a great reminder of the opportunities that are continually offered for our students to shine. It is such a wonderful school community event that is unique and special to this school. Special mention must go to the dedicated teachers who gave up their time to provide the opportunities and thanks must go to Mr Johnson for coordinating the event. Ulladulla Public School is a remarkable school in many ways – the Talent Expo is certainly one way that we display this.

On behalf of all staff we hope you have a safe and enjoyable holiday and we look forward to seeing all of our students return to commence Term 3.

Yours truly,

Trent Burns

Parent online payments (POP) Coming Soon!

Parent online payments (POP) provides parents with a secure payment facility to deposit into the school's account via a credit or debit card. It gives people a convenient and alternative means of paying school invoices.

The payment portal is accessed via the school's website and allows parents to pay using either a Visa or MasterCard credit or debit card.

More information will be coming home with students in Term 3.

2017 Premier's Sporting Challenge

Sports Leadership Day

On Friday 23 June, 30 Stage 3 students attended Ulladulla High School to participate in the 2017 Premier's Sporting Challenge Sports' Leadership Day.

All of the students were actively involved throughout the day under the guidance and leadership of the Sporting Leadership Group.

The Ulladulla students gained valuable insights into many and varied mainstream sports. Each group commenced with a warm-up, introductory skills and then finished with a modified version of each game.

We would like to thank Mr. Andrew Hallett and the Ulladulla High School Leadership Team for a very active and informative day.

Forest Feral Membership

Forest Ferals, along with parents and teachers, make up Ulladulla Public School's Environmental Council.

Any parent or student from Years K- 6 can join. All students enrolled in the school, automatically become a 'Forest Feral'.

All members are able to participate in any of our competitions, activities, excursions as well as voting (Year 3-6 only) for future councilors at the end of the year

Please note: *Once you are a member you remain a member for the rest of your time at the school.*

You don't have to join every year.

The 'Forest Ferals' have badges that can be worn on their hat or shirt as a sign of their commitment to the 'Ferals'. Students **DON'T** have to purchase or have a badge to be a member. It is their choice if they wish to purchase a badge or not.

The Forest Feral badges are on sale to **all 'Forest Ferals'**. A note was sent home with the eldest child in the family. The cost is \$3.00.

Talent Expo 2017

The 2017 talent expo was one to remember! Well done to everyone who took part. Particular mention needs to go to all of the children from across the Infants and Primary stages that prepared an awesome variety of inspiring acts, organised promotions, lighting, sound, stage and ran the night! The annual talent quest night and the performances that lead up to it truly are a team effort! Without the awesome community of learners we have here at Ulladulla Public School great events like these would not be possible. Make sure you give Mr J a high five next time you see him as well. Mr Johnson dedicates a lot of time to great events like these. It's great to have him on the team. If you missed the performance, check out these photos to see what you missed and make sure you make it next year!

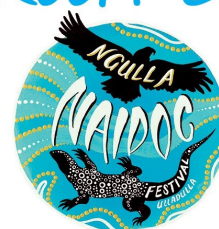

Boys Touch Football

The boys touch football team have progressed to the 4th round of the PSSA Knockout with an impressive 8-0 victory over Bega Public School. Congratulations to the boys who displayed great team work and sportsmanship. A huge thank you to the parents who drove the team to and from the game.

Come and celebrate our local Koori culture!

Everyone is welcome to come and join in with the day's activities

Northern Beaches Council presents

SHARINGSTORIES FOUNDATION EXHIBITION & LIZ THOMPSON PHOTOGRAPHY

26 May – 9 Jul 2017

SharingStories Foundation supports communities in holding and sharing cultural knowledge and stories through dynamic digital storytelling programs. This exhibition offers deep insight into relationship with Country and culture through a vibrant multi media interpretation of the story of Gandjalala, the Sugar Bag Hunter, by the Wägilak Community of North-East Arnhem Land. Liz Thompson's photographs from her *A Song for Country* series, also produced with the Wägilak community, are part of the 2017 Head On Photo Festival and Guringai Festival programs.

Thanks to Wales Family Foundation and Lord Mayor's Charitable Foundation (Eldon & Anne Foote - Donor Advised Fund) for supporting work with the Wägilak community.

Information for parents and carers

WHAT IS THE NATIONAL DATA COLLECTION?

The Nationally Consistent Collection of Data on School Students with Disability (the national data collection) is an annual collection that counts the number of school students receiving an adjustment due to disability and the level of reasonable adjustment they are receiving.

The national data collection counts students who have been identified by a school team as receiving an adjustment to address a disability as defined under the *Disability Discrimination Act 1992* (the DDA). The DDA can be accessed from the ComLaw website at www.comlaw.gov.au.

WHAT IS THE BENEFIT FOR MY CHILD?

The aim of the national data collection is to collect quality information about school students receiving an adjustment due to disability in Australia.

This information will help teachers, principals, education authorities and families to better support students with disability to take part in school on the same basis as other students.

The national data collection provides an opportunity for schools to review their learning and support systems and processes to continually improve education outcomes for their students with disability.

WHY IS THIS DATA BEING COLLECTED?

All schools across Australia collect information about students with disability. But the type of information currently collected varies between each state and territory and across government, Catholic and independent school sectors.

When undertaking the national data collection, every school in Australia uses the same method to collect information. Therefore, a government school in suburban Sydney collects and submits data in the same way as a Catholic school in country Victoria and an independent school in the Northern Territory.

The annual collection aims to, over time, lead to nationally consistent, high quality data that will enable schools, education authorities and

The information collected by schools will be available to all governments to inform policy and program improvement for students with disability.

WHO IS INCLUDED IN THE NATIONAL DATA COLLECTION?

The definition of disability for the national data collection is based on the broad definition under the DDA.

For the purposes of the national data collection, students with learning difficulties, such as dyslexia or auditory processing disorder, as well as chronic health conditions like epilepsy or diabetes, that require monitoring and the provision of adjustments by the school, may be included.

WHO COLLECTS INFORMATION FOR THE NATIONAL DATA COLLECTION?

Teachers and school staff count the number of students receiving an adjustment due to disability in their school, and the level of reasonable adjustment they are provided, based on:

- consultation with parents and carers in the course of determining and providing reasonable adjustments
- the school team's observations and professional judgements
- any medical or other professional diagnosis
- other relevant information.

School principals are responsible for ensuring the information identified about each student is accurate.

HOW IS MY CHILD'S PRIVACY PROTECTED?

Protecting the privacy and confidentiality of all students and their families is essential and is an explicit focus of the national data collection. Personal details, such as student names or other identifying information, are not provided to local or federal education authorities.

Further information about privacy is available from www.education.gov.au/notices.

IS THE NATIONAL DATA COLLECTION COMPULSORY?

Yes. All education ministers agreed to full implementation of the national data collection from 2015. This means that all schools must now collect and submit information annually on the number of students receiving adjustments due to disability in their care, and the level of adjustment they receive.

Information about the arrangements that may apply to your school in relation to this data collection is available from your child's school principal and the relevant education authority.

FURTHER INFORMATION

Contact your child's school if you have further questions about the Nationally Consistent Collection of Data on School Students with Disability.

You can also visit www.education.gov.au/nationally-consistent-collection-data-school-students-disability.

An e-learning resource about the Disability Standards for Education 2005 is freely available for the use of individuals, families and communities at <http://resource.dse.theeducationinstitute.edu.au/>.
