

# UPS Newsletter Term 2 Week 6

## Principals Report

I am immensely proud of our remarkable school community and especially the students who continue to progress in their learning and development. We have some extremely dedicated students who continue to role model citizenship to all. Every day when I wander through the playground at recess or lunch I am always greeted with enthusiasm and courtesy and this courtesy always extends to guests and visitors at our school. Thank you students for your ever growing zest that you show in becoming fantastic citizens.

### Learning Progress

We have several structures in place for the reporting of student progress and achievement with parent teacher interviews and our written school reports that go home each semester. If, as a parent, you are unsure of how your child is progressing it is important that you approach your child's teacher and begin to have conversations so you are well informed. We value being able to have parents as partners in the educational process and we are continually looking at ways that we as a school can continue to improve our partnerships with our community.

### External Validation

Our School Validation team have identified the draft themes that we will be collecting evidence to plot ourselves against the School Excellence Framework. The School Excellence Framework provides a platform for all NSW Public School to strive towards. You can access the School Excellence Framework here: <https://education.nsw.gov.au/policy-library/related-documents/school-excellence-framework-version-2.pdf>

The draft themes for our evaluation are currently Wellbeing, Assessment and Reporting, Literacy, Programming, Communication across the Community, Innovative Teacher Practices, Resource Management and Professional Learning. They may change as we uncover our evidence and examples against the School Excellence Framework.

### School Representation

When students are selected to represent our school it is important that they do so with the values that we uphold each day. Just last week our students represented our school in many different sports and performing arts forums and our teachers, volunteers and other community members have made comments regarding the level of behaviour that our students have shown. Thank you to all students who represent our school with pride.

### Reconciliation Week

A huge thank you must go to Uncle Vic for allowing our students to witness and understand a smoking ceremony. Smoking Ceremonies have been an engrained part of Aboriginal culture and tradition and we are lucky to have existing links within our community that allow us to showcase, develop an understanding of, participate in and celebrate the oldest surviving culture in the world. Thank you must

also go to Riley Nolan who came from the High School to accompany Uncle Vic with outstanding playing of the didgeridoo.

Have a great week,

Trent Burns

## Beanies and/or Onesies for the Ocean Day

***Week 6, Friday 8th June***

To recognise World Oceans Day and the importance of keeping our catchment clean, the Ulladulla Forest Ferrets will be running a gold coin donation fundraiser. We hope to raise funds and awareness to help maintain our beautiful school environment including seeds, seedlings, trees, shrubs and mulch etc. We will also be ordering stencils to mark our playground drains. This will help the children understand that what goes down our drains at school ends up in Millards Creek and eventually the ocean. We only want water down our drains not litter.

Class prizes will be awarded for the 'Best Beanie and/or Onesie' as voted by each class.
