# Ulladulla Public School Policy: School Enrolment Policy

**Date Drafted: 1/5/03**

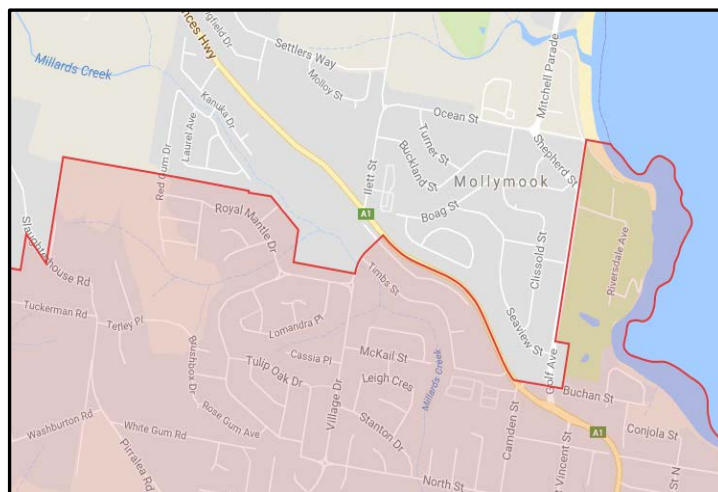

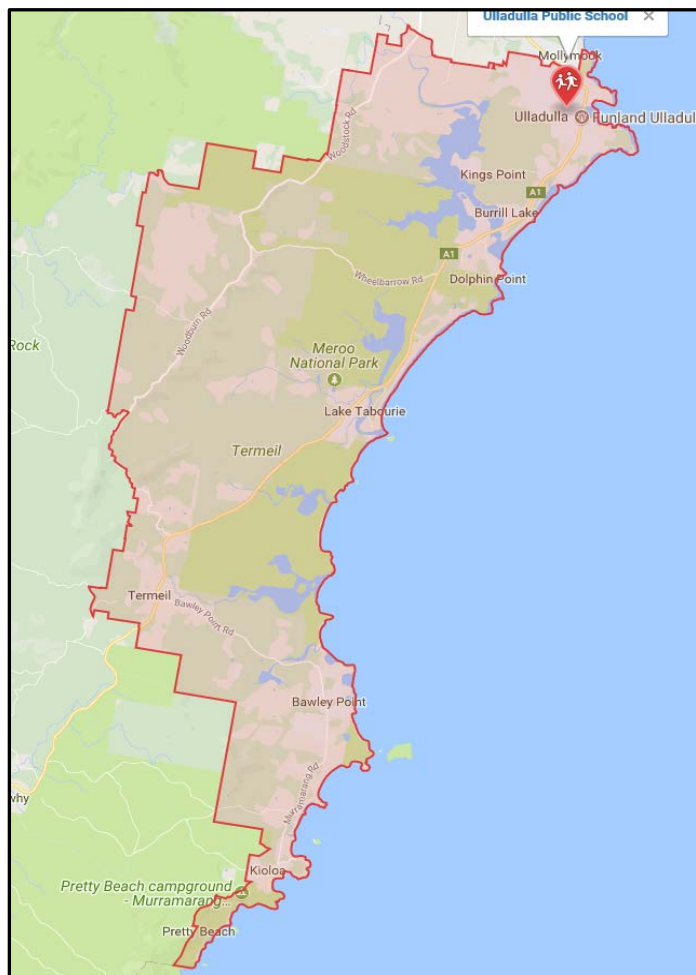

## **Rationale:**

Ulladulla is a rapidly developing area. It is a requirement that all schools have a policy for student enrolments. Ulladulla Public School receives a number of requests for non-local enrolments. With a growing school population it is imperative that the following processes are followed.

## **Implementation:**

1. At the time of writing this policy, Ulladulla had 800 students. Out of area enrolments are likely to mean a need for additional accommodation. The school's growth is also placing heavy demands on school play areas and resources. Given these circumstances any requests for non-local placement will only be endorsed after consideration by the school's placement panel. The exception to this would be siblings of students already enrolled at the school.
2. Any requests for non-local enrolment need to be in writing. Consideration will be given to the following :
  - Proximity & access to the school
  - Medical reasons
  - Compassionate circumstances
  - Safety & supervision of students before and after school.
3. Appeals against a decision of the placement panel are to be in writing to the principal. If the matter is not resolved, it may be referred to the district superintendent for final determination.
